

Veterans Tim Bomke, Jim Martinson  
and Leroy Petry with Jack Nicklaus

From the World Wars through our current crises in Iraq and Afghanistan, generations of **valiant American soldiers** have made contributions and sacrifices while guarding our country's freedom and destiny.

# They've contributed.

# Now it's our turn.

Right in our own backyard, **American Lake Veterans Golf Course** is providing veterans of all wars a place of rejuvenation and hope, healing and camaraderie. A place where the much needed physical and mental rehabilitation can be supported.

Veteran Jim Martinson, with 1969 Ryder Cup teammates Ken Still and Jack Nicklaus

Golf legend **Jack Nicklaus** is honoring our veterans with the donation of his valuable time and design for a New Nine. The design is nearing completion and we're getting ready to build – all that is needed are the funds to begin building, and that's where your support is needed.

# Every dollar counts.

Jack Nicklaus,  
reviewing the plans at the site
